

Pumpkin Pie Play Dough Recipe

INGREDIENTS

- One 15 oz. can of pumpkin puree
- 3 TBSP pumpkin pie spice
- 2-3 cups corn starch

DIRECTIONS

Mix the pumpkin puree and the pumpkin pie spice together.

Add the corn starch slowly, $\frac{1}{2}$ - 1 cup at a time.

Mix the ingredients well as you slowly add the corn starch.

The moisture content of the pumpkin puree differs by brand; the amount of corn starch that you need may vary depending on the type of canned pumpkin you use. As you can see in the video, I needed a little more than 3 cups of corn starch.

Store in an airtight container. Refrigerate for better shelf life when not in use.
